MEDICARE PART B

2027 PREMIUM & REIMBURSEMENT

IMPORTANT INFORMATION FOR HAWAIʻI RETIREES

NEW STANDARD MONTHLY PREMIUM

$209.40

Beginning January 2027 • $6.50 more per month ($78 per year)

WHO GETS REIMBURSED?

Eligible Hawaiʻi state and county retirees receive Medicare Part B premium reimbursements quarterly through EUTF.

PAYING MORE THAN $209.40?

If you pay a higher premium due to an income-related adjustment (IRMAA), make a copy of the Social Security premium notice you receive in December and submit it to EUTF to ensure the correct reimbursement.

PAYING THE STANDARD $209.40?

If you are already receiving EUTF reimbursement at the standard rate, no additional documentation is required. EUTF automatically adjusts reimbursements to the new standard amount.

REMEMBER

Higher-premium documentation must be submitted each year. Late enrollment penalties are not reimbursed. New applicants may need additional enrollment documents.

For more information or questions about Medicare Part B premium reimbursements, please visit the EUTF website at eutf.hawaii.gov.
